

EuroDairy - Animal Care webinar:

Dry cow treatment of the high producing milking cow

Wednesday 21st of June 2017, 7 to 8 PM CET
The webinar is open for entrance from 6:30 PM

Registration and information

By e-mail to jessica.ekstrom@lantbruksforskning.se

Registered participants will receive a link to the webinar on June 20th

Sweden - A natural country for dairy cows!

Håkan Landin, DVM, is an expert on udder health and animal welfare. He works at the Swedish advisory organization Växa Sverige. His presentation focuses on challenges and management of the dry period.

Antibiotics in dairy production - the Swedish case

Jessica Ekström, MSc in Agriculture, is Deputy Leader for Animal Care. She works as a research officer at Stiftelsen Lantbruksforskning (Swedish farmers' foundation for agricultural research). Jessica Ekström will give a brief introduction on the Swedish usage of antibiotics on dairy farms.

This webinar is being run through the EuroDairy network and hosted by Stiftelsen Lantbruksforskning. For more information, please visit EuroDairy.eu.
