

Socio Economic Resilience Workshop in Hauts-de-France region

16TH AND 17TH OF NOVEMBER IN HAUTS-DE-FRANCE

16TH OF NOVEMBER

Dissemination day organized by Chambre d'agriculture Nord Pas de Calais, open to all breeders from Hauts de France region and all EuroDairy breeders

Morning (in room) (9h45 -12h30):

- Presentations and testimonies on the resilience of dairy farms
- Lecture on evolutive buildings to anticipate the projects and invest step by step.
- Testimony of a breeder about his own strategy.

Afternoon on the Eurodairy Pilot Farm of Cédric Demoulin in Brias, with 5 topics developed (14h-16h30) :

- Mechanisation: the cost of traction, testimony of a coop of tractors.
- Heifers: a nursery built by oneself, a simple and low cost rearing management.
- Welfare: cubicles comfort, comparison of several models.
- Labour: technical solutions for adaptation or employment.
- The wink of the farm: technical results of the farms thanks to discussion group.

End of the day:

Specific workshop for EuroDairy farmers
Following the previous work started in Rhône-Alps on the levers to improve the resilience

Evening in Arras

17TH OF NOVEMBER

Specific EuroDairy day on resilience in Arras

A tool creating awareness to resilience:

- Tool presentation
- Testimonies and feedbacks of farmers
- Work to be done on the tool for further improvement

Focus by topic:

- Strategy: entrepreneurial approach
- Labour: comparison of the working conditions in Europe (Pays de la Loire study)
- Economics: presentation of the results from the Cost of Production, comparison to the other European countries

Summary of the workshop and preparation of the next regional and national programmes for 2018.
